DETAILED ACTION

Specification

1. The disclosure is objected to because of the following informalities:

Applicants should provide the US Serial Numbers for the applications cited on page 2 of the specification.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 11 and 22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 11, lines 12-13, "reconstructing said 54-byte RTP header" is ambiguous since it is not clear whether the phrase refers to the "reconstructing a suppressed RTP data packet" in line 1 or the "first 54-byte RTP header" in line 3.

Claim 11, line 13, "said delta values" lacks a proper antecedent basis.

Claim 22, lines 18-19, "reconstruct said 54-byte RTP header" is ambiguous since it is not clear whether the phrase refers to the "reconstruction of a suppressed RTP data packet" in line 3 or the "first 54-byte RTP header" in lines 5-6.

Claim 22, line 19, "said delta values" lacks a proper antecedent basis.

Allowable Subject Matter

4. Claims 1-10 and 12-21 are allowed.
5. Claims 11 and 22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
